

# Read & Tell Intermediate™

Students love chapter books! Now with *Picture-Assisted Literacy™*, students performing below grade level can read them, too. Thirty chapter books are thoughtfully summarized with concept and vocabulary considerations. The ready-to-print summaries include *Literacy Support Pictures™* to help students independently read for meaning.

Each complete lesson contains:  
*Picture-assisted* chapter summaries and quizzes, vocabulary flashcards and definitions

**PixWriter™** word banks to aid the student in answering questions and retelling the story.

"Read and Tell products have allowed my students to participate in activities in general education classes. The teachers have pre-made materials so they can get to the important aspect of teaching and that is interacting with the child with a disability as well as sharing materials with typical peers who might be struggling."

Jeannette Van Houten, Trenton, NJ
