

Lunchroom

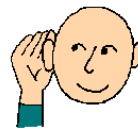

The lunchroom or cafeteria at school may be kind

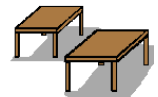

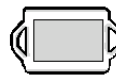

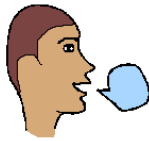

of scary. Many students stand in line, and adults

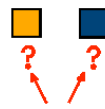

walk around the room. The lunchroom may be noisy. Some

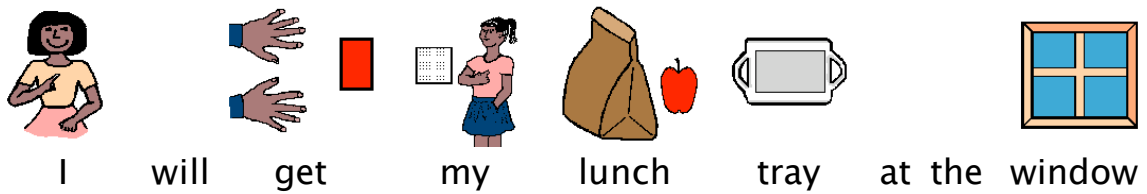

of the noises I might hear in the lunchroom are

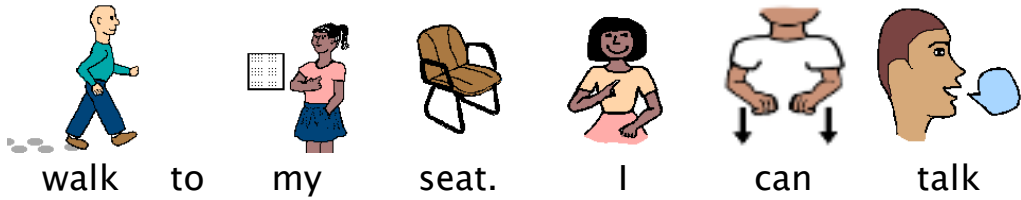

people talking, people laughing, lunch trays banging, tables

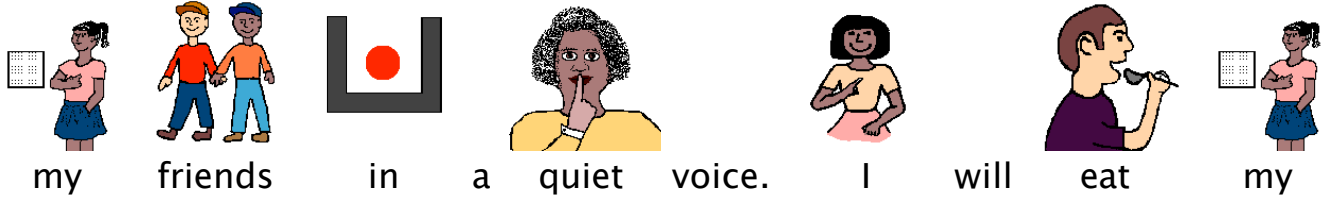

and chairs scooting, or bells ringing.

I will get my lunch tray at the window

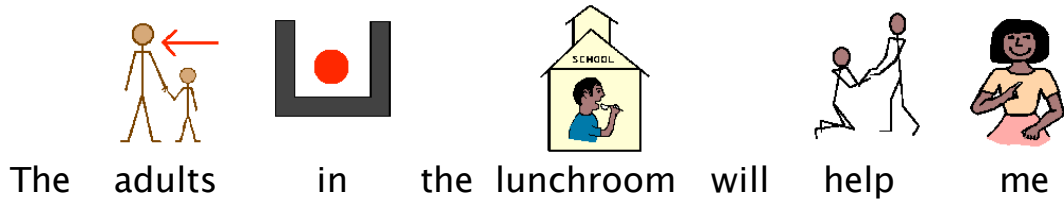

and walk to my seat. I can talk with

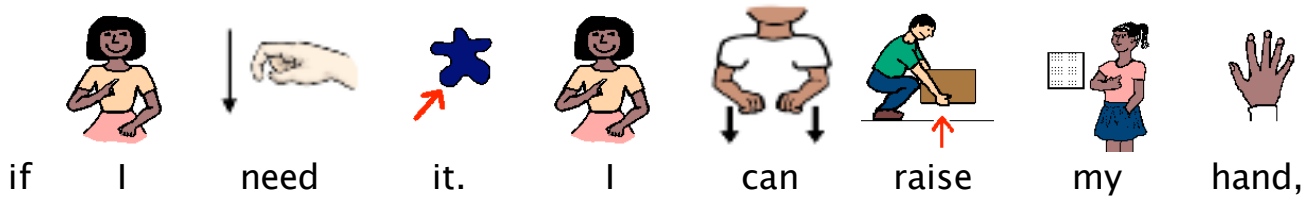

my friends in a quiet voice. I will eat my

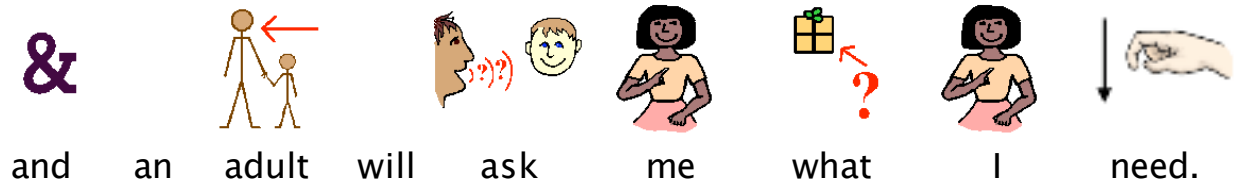

lunch.

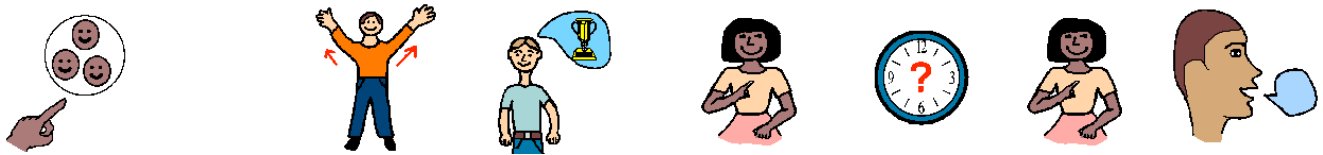

The adults in the lunchroom will help me

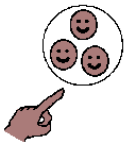

if I need it. I can raise my hand,

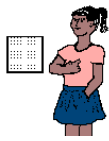

and an adult will ask me what I need.

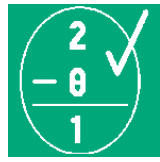

They will be very proud of me when I tell

them

my

problem.

When

I

am through

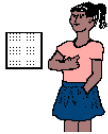

eating,

I

will return

my

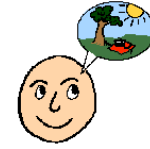

tray

to the kitchen.

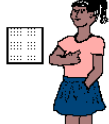

I

will try to remember to

dump

my

garbage

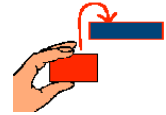

into

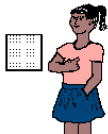

the garbage cans

and

put

my

silverware

in

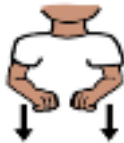

the box.

Now

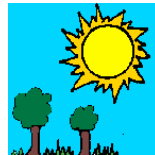

I

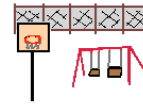

can

go

outside to the playground

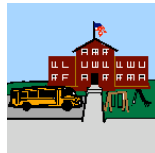

until the

bell

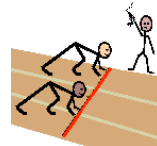

rings

for

school

to start

again.
