

Corn Maze Social Story

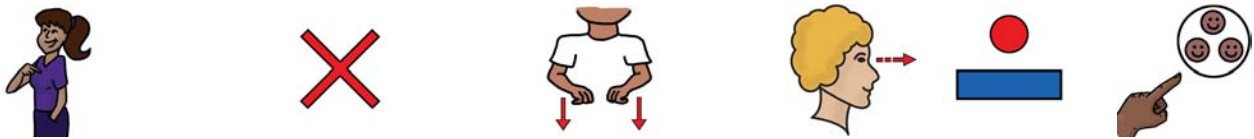

I am going to a corn maze.

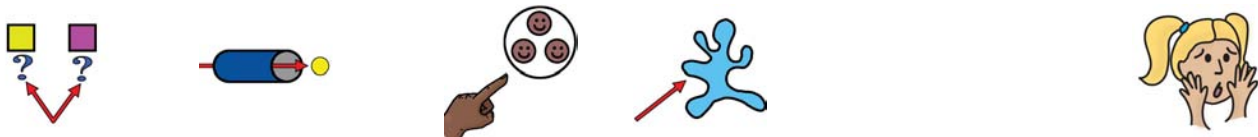

A corn maze is a corn field that has been

cut into paths. Corn stalks are tall, so

I will not be able to see over them

or through them. It might be scary.

That is OK. Corn mazes are meant to be

a little scary and confusing.

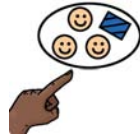

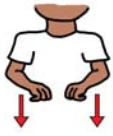

&

I will try and stay with the

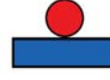

adult that I am with. If I am scared,

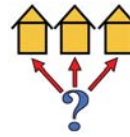

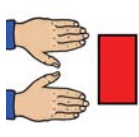

I can hold their hand. I will keep

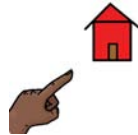

&

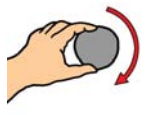

my eyes open and stay on the paths.

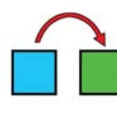

If I get to a place where the path

ends but there is no way out, I will

&

turn around and go another way.

 There might be other kids

 running fast,  laughing or  screaming.

 That is OK. I can move out of their

way. I can cover my ears if it is

too loud. I will be OK.

 It might be funny if I go

to the same place in the maze more

1  I might get lost and

not know where to go or where to

find my way out of the maze. That is

OK. I will get out of the maze at the

end and I will have fun.
